

Laptop Request Catalog Item

Define problem statement Template:

Customer Problem Statements

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1: Efficiency & Speed	A new employee or a current staff member who urgently requires a new work laptop[cite: 10, 21].	Request a new laptop quickly and officially to start my work without delay[cite: 11, 22].	The current process is manual and often takes days to complete[cite: 14, 23].	I have to manually fill out forms, wait for multiple email approvals, and there is no clear system to track the request status[cite: 18, 24].	Frustrated and powerless, because I can't start my job until the equipment arrives[cite: 25, 26, 27].
PS-2: Data Accuracy & Guidance	An employee or department manager who needs a specific, high-	Submit an accurate request for the specific laptop model and necessary	There is no dynamic form behavior or guidance, leading to me selecting	The form is static, doesn't validate my selections against my job title, and	Anxious and annoyed, because I'm worried the wrong, non-

	specificatio n laptop[cite: 10, 21].	accessories required for my job role[cite: 11, 22].	the wrong model or forgetting key accessories [cite: 14, 23].	requires manual confirmatio n from IT[cite: 18, 24].	functional laptop will be delivered, causing further delays[cite: 25, 26, 27].
